

## **Programme outcomes: Bachelor of Arts (Honours)**

B.A. Honours programme offers in-depth knowledge about languages, humanities as well as social sciences both theoretically and practically. Subjects taught under B.A Honours programme in our Institution include: Bengali, English, Political Science, Sociology and Economics which immensely help the students to grow as multidimensional personality.

Following are the various programme outcomes:

**PO1:** After completion of 3 years Undergraduate B.A Programme, students are expected to develop a better understanding of Language and Literature and different aspects of social sciences both in Indian perspective and world at large.

**PO2:** Students will be able to understand the importance of different subjects in the humanities group in terms of moral, aesthetic and intellectual development not only at the individual level but also at the societal level.

**PO3:** The B.A graduates from our college would develop better communication skills for the deliberation of their ideas limpidly about their core courses as well as about the interdisciplinary topics which will further help them to become more sensitive towards contemporary social and political issues.

**PO4:** B.A programme would help the students become more rational and mature in their outlook towards life; enable them in critical thinking and logical analysis of different issues and thus help them in achieving more tolerant attitude towards views of others.

**PO5:** After completing graduate studies, students will be able to appear at different competitive examinations and can join in different professional courses. They may opt for wide range of careers like Teaching, Administrative and Civil Services, Banking, Journalism, Hotel & Hospitality Management etc.

**PO6:** Moreover, after the completion of the B.A programme, Graduates may pursue Post Graduate studies of their interest in different reputed institutions. They can venture for higher studies in interdisciplinary subjects also in different nationally and internationally recognized institutions like Indian school of Languages, Indian Institute of Advanced Studies and IITs for higher studies.

**PO7:** The programme inculcates morals and values among the students so that they can grow as socially responsible citizens, become compassionate towards other people and can withstand the challenges in their journey of life with dignity.
